It Was An Awful Avalanche That Overwhelmed the G. O. P.

Mason County Democrats Stand by Their Colors, a Grand and Glorious Victory.

The Democrats won a glorious victory yesterday.

Our head lines tell the good news in few words.

Our telegrams give the glorious tidings from the Presidential and Congressional contests.

The people of the Nation have spoken in unmistakable language in favor of tariff reform and a free ballot.

Honest Grover Cleveland, "the typical American," has been chosen President.

The Democrats retain their hold on the House of Representatives, and have probably secured control of the Senate.

Coming down to the local fight, the news is just as good. Interest was mainly centered on the contest for Circuit Judge. Republicans were confident of electing Cochran, and their disappointment must be very great. Not a grain of comfort is left them. Their defeat is overwhelming. They were routed all along the line.

Returns are full enough to show that Harbeson carries Mason County by over 300. He is conceded 450 in Bracken, at least 200 in Fleming, and gets Greenup by nearly 150. Cochran carried Lewis by about 450.

Judge Harbeson's majority in the district may reach 500.

Paynter's majority in the district is

estimated at 2,500. Sallee is chosen Commonwealth's Attorney by a good round majority also, and the county nominees are all right. There has never been any doubt of their election.

The indications point to Hazelrigg's election for Judge of the Court of Appeals.

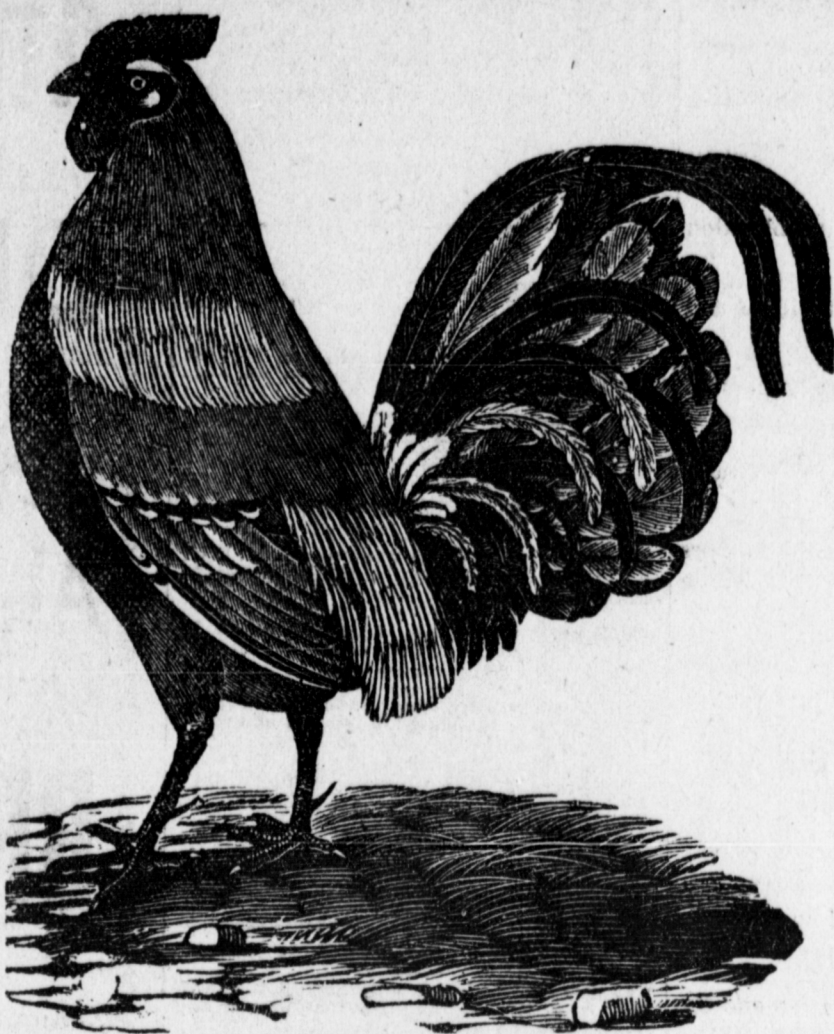

The new Election law proved a success.

It worked very smoothly, and most everybody is satisfied.

The election passed off quietly. Only one disturbance during the day and that was not near the polls. It was at Second and Walnut, where several drunken negroes had a free fight. No one seriously hurt.

The table elsewhere gives the returns from this county.

A close estimate, in Bracken, gives Paynter, 465 majority, Hazelrigg, 458, Harbeson, 458, and Sallee 446. Poage's majority for Circuit Clerk, 750. Republicans used a pile of "boodle" in Bracken. Let us rejoice and be glad. Democracy has won a grand and glorious victory.

The Doll Party.

The doll party at the Academy of the Visitation Saturday was a most pleasant affair. Promptly at 9 a. m. the little girls and their dollies were assembled in the recreation hall of the academy, which was beautifully decked out with gold and white festooning. The morning was employed in plays, and at 12:30 dinner was served to over sixty little ones. At each place a dainty souvenir in the shape of a pretty doll, dressed as a pen-wiper, with the name neatly inscribed on a card, excited great mirth. After partaking of the good things with which the table was loaded, each little girl gave a sentence about God, and as agreed on, the one who would give the best sentence was to receive a prize. Six little ones gave sentences equally good, so each of them was rewarded. They were: Misses H. Dobyns, G. Dobyns, L. Respass, M. Bayless, B. Ryan and I. Schweitzer. During the repast, the mandolin club played some charming pieces. Before leaving the dining room no less a person appeared on the scene than the "Old Woman in the Shoe," who had so many children she did not know what to do.

The old lady was covered with dolls and was drawn in a tiny express wagon up and down and all around. The little girls were perfectly delighted with the visitor and showered on her every attention. At 3 o'clock the real party began, and at 5 the dear children and their dollies began to depart.

Before leaving each child with gentle grace thanked the sisters and expressed herself greatly pleased with the doll party.

The sisters who presided over the exercises of the day say that it was in truth a most delightful party. Not a cloud of any kind marred the pleasure of the sweet innocent hearts of the loving children. The prize of beauty was awarded to Miss L. Clift's doll; several other prizes were given for other things. Misses L. Respass, M. Burgess and H. Dobyns were floor managers, and deserve credit for their watchfulness and promptitude. From the many gooddies the little girls had they eagerly and generously contributed a full basket to be given to God's poor little girls.

Why Diamonds Are Worn.

Ignorant, flippant men are fond of saying that ladies' fashions have nothing to do with common sense. But there is one fashion—at first sight a very ugly and rather vulgar one—which is based, on reason. Not many years ago it was considered vulgar to wear diamonds in the daytime. Now you may see them sparkling in dainty ears and under well bred chins. And it is rumored that if the prying eye could look under cloaks and bodices it would discern stars and necklaces and bracelets. The fact is that women put on their jewels when they go out because they dare not leave them.—San Francisco Argonaut.

So It Was.

"This is a crazy sort of a safe," said one of the burglars, after they had blown it open.

"Yes," replied the other, "I'll admit it's a little cracked."—Detroit Free Press.

WORLD'S FAIR SOUVENIRS.

How You Can Get One of the Columbian Half Dollars.

CHICAGO, Nov. 9.—The world's fair souvenir coins are "going like hot cakes," and those who want to get one or more of them will have to bestir themselves or they will be too late. The desire for one of these mementos of the exposition seems to be almost as universal as is the interest in the exposition itself, and orders for them have been sent in from all parts of the United States and also from foreign countries. This souvenir half dollar, it is reported from Washington, will be the most artistic coin ever issued from the mint. On the obverse side will appear the head of Columbus, designed from the Lotto portrait, and surrounding it the words, "World's Columbian Exposition, Chicago, 1892." On the reverse side will appear a caravel, representing Columbus' flagship, and beneath it two hemispheres. Above the caravel will be "United States of America," and beneath the hemispheres, "Columbian Half Dollar." There is no doubt that this coin will be regarded as the most distinctive and highest priced cheap souvenir of the world's fair.

All of these souvenir coins, except five, are being sold at a uniform price of \$1 each. For the first coin struck off \$10,000 has already been offered, and various prices have been bid for the 400th, 1492d, 1892d and the last coin. Desiring that these souvenirs be distributed as widely as possible among the people, and that all, irrespective of locality, have an equal chance to obtain them, the exposition authorities have sought to prevent syndicates and others from purchasing large quantities and thus "cornering" the sale.

On the contrary, they have arranged to supply banks, business houses and individuals in all parts of the country with as many as they may desire to distribute among their patrons, customers or friends. They require only that the orders must be for fifty coins, or some multiple of fifty, and that the order be accompanied by the cash, at the rate of \$1 for each coin. A great many banks and business firms have gladly complied with these conditions and ordered each from fifty to 20,000 of the coins.

Notwithstanding these conditions have been widely published, still a vast number of inquiries by letter has been received at exposition headquarters asking how the coins may be obtained. The best way is to get them through local banks, all of which are no doubt willing to accommodate in that way their patrons and the residents of the city or town in which they are doing business.

If, however, for any reason it is desired to obtain them otherwise, the proper method is to form a club of subscribers for fifty coins, or some multiple of fifty, and select some one member of the club to send on the order and money, and to distribute the coins when received. Orders should be addressed to A. F. Seiberger, Treasurer World's Columbian Exposition, Chicago. It is probable that the coins will not be ready for distribution until some time in December. But the orders are being sent rapidly, and will be filled in the order of being received. Therefore it is important that all who desire coins should put in their orders as soon as possible.

Murdered for a Drink.

WILKESBARRE, Pa., Nov. 9.—Yesterday afternoon John Wall entered the saloon of Martin Moran and demanded a drink on credit, which was refused. Hot words ensued, and finally the men came to blows. Moran caught Wall around the waist, threw him violently to the floor and kicked him savagely. When Wall was lifted from the floor it was found that his skull was fractured, and he died shortly afterward. Moran was placed under arrest.

WEDNESDAY, NOVEMBER 9, 1892.

It was a clean sweep.

HURRAH for Hill for '96.

It was a cold day for the Republicans.

MASON COUNTY Democrats did nobly.

"The tariff is a tax." Of course it is.

WASHINGTON didn't do so awful bad, did it?

THE Force bill had a good deal to do with it.

"Four, four, four, four more years for Grover."

"PLUGTOWN" precinct is pretty solidly Democratic.

WHAT's the matter with Judge Harbeson? He's all right.

You can tell a Democrat to-day as far as you can see him.

POSTMASTER DAVIS and "Andy" Cochran—"Where are we at?"

IKE WOODWARD brought in the West End with an old time majority.

COMMONWEALTH'S ATTORNEY SALLEE lead his ticket in the Fifth ward.

WE said several days ago the Democrats had on their fightin' clothes.

THE Republicans couldn't buy the Circuit Judgeship. It wasn't for sale.

THE American people know a good thing when they see it—"Andy" Carnegie.

MANY thanks to the good Republicans of Maysville who put in a ballot for Harbeson.

ORLANDO P. Cox fared better in the Fifth and Sixth precincts than "Andy" Cochran.

OF course there'll be a grand jollification, but the Democrats will do the jollifying.

THE true blue Democrats of Lewisburg ought to have made it an even 100 for Harbeson.

POSTMASTER DAVIS had the cold wave flag flying yesterday. It was a very cold day for him and his party.

REPUBLICANS counted on 300 majority in Maysville for Cochran. He got 117. He didn't carry his home precinct.

ELEVEN Democrats scratched Harbeson in Fifth precinct and ten Republicans scratched Cochran. Almost a stand off.

MAYSVILLE Republicans were so sanguine of victory that the band had been hired and preparations made for a big jollification. Ugh!

Good old country Democrats have been coming in the BULLETIN office for over a month and saying "Cleveland's goin' to win. We feel it in our bones." They are pretty good political barometers.

AFTER to-night the Democratic Single X Clubs will have other business than howling for English Free-trade.—Public Ledger, Monday.

CERT. They're shouting for Grover, tariff reform, free elections, Harbeson, Paynter, Sallee &c. &c.

NEXT Wednesday morning a large number of Mason County Democrats—those who have pinned their faith to the assertions of the BULLETIN—will wake up to a full realization of that paper's capacity for downright lying.—Public Ledger, Monday.

The lying and suppression of the news in the late campaign was done by the other side. Mason County Democrats never make a mistake when they tie on to the BULLETIN. The BULLETIN's all right.

New buckwheat—Calhoun's.

GEO. W. SULSER, law, fire insurance.

ALL survivors of the Sixteenth Kentucky who contemplate attending the reunion on the 30th are requested to report to C. L. Overley at once.

DON'T miss seeing the great bargains D. Hunt & Son are offering in cloaks. You can save from three to five dollars on every garment purchased of them.

MR. JOHN BODE was accidentally shot through the left hand yesterday by Mr. Harry Genn. The accident occurred while they were out buggy-riding, in the Sixth ward.

MR. JAMES DEVINE, who drank a bottle of laudanum at Cincinnati Monday night with suicidal intent, will recover. His brother, Mr. F. Devine, received a telegram yesterday that he was out of danger.

M. E. McKELLUP is a candidate for the office of Chief of Police of Maysville. Mr. McKellup is a cool, brave man. He has many friends in Fleming who wish him success in his aspirations.—Fleming Gazette.

CLOCKS of every description, from the cheapest to the finest made, at Ballenger's jewelry store—ebony, marble, marbled iron, &c. Warranted correct time-keepers; that's the kind you want. Call on him when looking for anything in his line.

DON'T buy a gold watch until you learn P. J. Murphy's prices. His prices are without question the lowest; quality the best. Every watch regulated before sold. All other goods in his line can be bought of him for less money than elsewhere. Successor to Hopper & Murphy.

MR. AL. MCCORMICK, who is L. and N. operator at Richmond, leaves there to-day for a trip to Mexico. He will be accompanied by J. D. Feeney, the company's Chief Clerk at Richmond. They will return via San Antonio, Kansas City &c. Supt. Hood "chalked" them through.

THE annual meeting of the General Association of Kentucky Baptists will be held at Covington, commencing next Saturday. There will be sixty-one District Associations, representing fifteen hundred churches, with 165,000 members entitled to representation. Plans for enlarged mission work will be urged.

THE Montgomery, Ala., Advertiser tells of a musicale recently given by the faculty of the A. C. F. College of Tuskegee, and pays a deserved compliment to Miss Lelia Wheeler, formerly of this city. It says: "Miss Wheeler's voice is a marvel for sweetness, compass and power, and she possesses the rare beauty and magnetic power that thrills her audience with enthusiasm and rapture. She and Professor Gardiner were repeatedly encored and each recital was a rich treat to the delighted audience."

When Baby was sick, we gave her Castoria.

When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

CLEVELAND ELECTED

Democratic Victory in Yesterday's Contest.

NEW YORK GOES DEMOCRATIC

Nearly Forty Thousand Majority—Indiana, Illinois, Connecticut, New Jersey and Eight Votes in Michigan Gone for Cleveland—Returns Very Slow in Coming In.

NEW YORK, Nov. 9.—The Democrats have carried New York state by 38,131 majority. The full returns from all the assembly districts in New York city give Gilroy, for mayor, 173,638; Einstein, 97,964. Gilroy's plurality 75,674.

The World claims New York, Indiana, Illinois, Connecticut, New Jersey and eight votes in Michigan for Cleveland. The World bulletin also claims North Dakota has gone for Cleveland.

New York city complete gives Cleveland 174,885, Harrison, 98,760. Cleveland's majority, 76,125.

At 11:45 o'clock Chairman Harry, of the Democratic national committee, gave out the following statement: "There is no doubt of the election of Cleveland and Stevenson by the popular vote, while the defeat of Harrison is certain. New York has given a magnificent plurality for Cleveland. New York surpasses all her previous records. There is no break in the south. Republicans' claims for Delaware are unfounded.

"In Connecticut the returns show a steady advance over the figures of 1888 when we carried the state. Indiana is undoubtedly ours. The most glorious result appears to be in Illinois, where from the returns it would seem that for the first time in its history the state has gone Democratic. We have won the most glorious and decisive victory in the history of campaigns. Governor Flower at 11:30 o'clock claimed 40,000 majority in New York for Cleveland, based, he said, on most careful analysis of the returns."

From the best information obtainable the following table gives the result in the various states. Later returns may, of course, change the results:

Democratic—Alabama, 11; Arkansas, 8; Delaware, 3; Connecticut, 6; Florida, 4; Georgia, 13; Illinois, 24; Indiana, 15; Kentucky, 13; Louisiana, 8; Mississippi, 9; Michigan, 6; Missouri, 17; New Jersey, 10; New York, 38; North Carolina, 11; South Carolina, 9; Tennessee, 12; Texas, 15; Virginia, 12; Maryland, 8; Total, 250.

Republican—California, 9; Idaho, 3; Iowa, 13; Kansas, 10; Maine, 6; Massachusetts, 15; Minnesota, 9; Nebraska, 8; New Hampshire, 4; Ohio, 23; Pennsylvania, 32; Rhode Island, 4; Vermont, 4. Total, 148.

For Weaver—Nevada, 3; Colorado, 4. Total, 7.

Doubtful—Oregon, 4; Montana, 3; North Dakota, 3; South Dakota, 4; Washington, 4; Wisconsin, 12; West Virginia, 6; Wyoming, 3. Total, 89.

The result of the vote for assemblymen in this state is: Democrats, 72; Republicans, 56. This insures the election of a Democrat to succeed Hisscock.

Mr. Don M. Dickinson, chairman of the Democratic campaign committee, said at 1 a. m.: "We do not desire to boast of the result. The grand result speaks for itself. It shows that the producers of the country have determined that they shall be no longer burdened by excessive taxation for the benefit of great monopolies, and are determined to uphold local rights against the abuse of centralized power."

"In Michigan we have achieved a great success in electing a governor and seven presidential electors. The uprising in the northwest is the most significant sign of the times, but in view of the splendid performance of New York, New Jersey and Connecticut, there is nothing sectional about the victory which is a success for sound political and economic principles everywhere."

At 1:30 Chairman Harry received by long distance telephone from Madison, Wis., the positive information that Wisconsin had gone Democratic by 10,000 majority.

At 2 o'clock William F. Harry, chairman of the national committee, said that the election returns received leave no doubt in our minds of the election of Mr. Cleveland and Mr. Stevenson by decisive majorities in the electoral college. The indications are that they, as already predicted, receive the electoral votes of every one of the southern states.

"We are enabled to add to these the electoral votes of New York, New Jersey, Connecticut and Indiana, as previously claimed. We furthermore claim that Mr. Cleveland has carried Illinois and Wisconsin, and that Harrison has lost some of the far western states. Returns generally indicate great Democratic gains and great Republican losses. The people of the country are entitled to congratulations upon their great victory."

publican gains and the committee is confident the state has been carried for the Republican ticket."

"The vote of Indiana, added to other Republican votes in the electoral college, insures the re-election of President Harrison. Eliminating entirely from consideration the state of New York the Republicans can still elect with the vote of Connecticut, West Virginia and Delaware without the vote of Indiana. But having the vote of Indiana assured we are not driven to our third line. Benjamin Harrison will be the next president of the United States by virtue of the fact that he will receive a majority of the votes cast in the electoral college in obedience to the decision of a majority of the people of the respective states."

OHIO.
Republicans Carry the State by 14,000 Plurality.

COLUMBUS, O., Nov. 9.—Returns from 458 precincts in Ohio show Democratic gain of 1,490. This ratio would reduce Republican plurality in the state to 14,000. Harter and Thomas L. Johnson, Democrats, are elected in the Fourteenth and Twenty-first districts for congress.

These returns indicate the election of ten Democratic and eleven Republican candidates for congress, although both committees are claiming the election of their candidates in the Ninth and Sixteenth districts. Poorman, Republican candidate in the Sixteenth, telegraphs that he does not concede his defeat.

At 2 a. m. the Republican state committee withdrew from headquarters. Chairmanman Dick claimed the state by 23,000 and the election of fourteen Republican congressmen, the defeat of Hodge being conceded. Governor McKinley corrected his figures and now claims the state has gone Republican by from 23,000 upward. This estimate is based on returns from 369 precincts outside Cincinnati and Cleveland, which give a net Republican gain of 1,817, or five to a precinct.

Ohio Congressmen.
CINCINNATI, Nov. 9.—At midnight indications are that Republicans have elected congressmen in the First, Second, Sixth, Seventh, Eighth, Ninth, Tenth, Eleventh, Fifteenth, Sixteenth, Eighteenth, Nineteenth, Twentieth and Twenty-first districts. Democrats in the Third, Fourth, Fifth, Twelfth, Thirteenth, Fourteenth and Seventeenth districts.

Hamilton County.
CINCINNATI, Nov. 9.—Complete returns from Hamilton county give Harrison 42,177; Cleveland, 38,471; Weaver, 1,097; Bidwell, 588. For congress in the First district Storer, Republican, received 19,224; Bowler, Democrat, 18,020. In the Second district Caldwell, Republican, received 22,341; Greve, Democrat, 20,075. The entire Republican ticket is elected with the exception of John Hagerty, Democrat, for county auditor, whose majority is 3,849, and L. A. Queller, for coroner, who received a majority of 2,757.

INDIANA.
It Has Gone Republican According to Present Indications.

INDIANAPOLIS, Nov. 9.—The indications now are that Indiana will go Republican. Heavy Republican gains over two years ago in Marion county, containing the city of Indianapolis, indicate, now with forty of 286 precincts, that the Democratic majority of 2,000 in the county will be 600.

No comparisons can be made on these districts for their geography was changed a few months ago. At the same time eighty precincts outside the city show net gains of 1,104 for Harrison, an average of eleven to the precinct. If this keeps up it will wipe out the Democratic majority of 19,679 in 1890 and leave over 12,000 plurality for the Republicans.

KANSAS.
Nothing Definite from This State, but Republicans Claim It.

TOPEKA, Kan., Nov. 9.—There is little probability of any definite returns from Kansas being received for several hours. The Populists have insisted that the law providing that each ballot shall be checked up complete when taken from the box be complied with to the letter. This has delayed the count to such an extent that no figures of any consequence have been reported.

At 1 o'clock a few scattering precincts had been heard from, all of which show decided Republican gains. Four towns in the Seventh district—Wichita, Winfield, Newton and Nickerson—all of which gave Jerry Simpson handsome majorities in 1890, have each given majorities for Long, Republican. The Republican state committee claims the election of all of the eight Republican candidates for congress and a majority in each branch of the legislature.

Similar claims are made by the fusionists. If the proportion of gains made by the Republicans in the few precincts heard from is kept up throughout the state the Republican majority will not be less than 39,000.

PENNSYLVANIA.
Republican Ticket Elected by Fully Fifty Thousand.

PHILADELPHIA, Nov. 9.—Philadelphia Press says Pennsylvania has gone for Harrison and Reid. The returns indicate that the majority will not be less than 50,000, and more complete reports may carry it to a figure somewhat larger. The Republican state ticket, including John Dean, for justice of the supreme court, and William Lilly and Alexander McDowell for congressmen-at-large, has received about the same majority. An important part of the Republican victory in the state is the election of twenty-one Republican congressmen out of a total of thirty. The legislature is also strongly Republican, the majority on joint ballot promising from the returns so far received to range from 85 to 90.

IOWA.
Republicans Have Probably Carried the State by a Good Majority.

DES MOINES, Nov. 9.—Only sixty-nine precincts in Iowa have been heard from, and it is impossible to give the result definitely. The new election law

rendering the counting of the ballots a slow job. The indications are that the Republicans have carried the state on electors and that the state is in doubt. The indications are that the Republicans have elected congressmen in the First, Third, Seventh, Eighth, Ninth and Tenth districts, and the Democrats in the Second, Fourth, Fifth, Sixth and Eleventh districts.

MINNESOTA.
A Close Contest, with Harrison in the Lead.

ST. PAUL, Nov. 9.—Present indications are that the Republicans have carried the First, Second and Fifteenth districts, the Democrats the Third, Fourth and Sixth, and the Populists the Seventh. The state has gone for Harrison on five electors by about 18,000. On the four on which there is fusion the result is close, with chances favoring Harrison.

North Dakota is apparently for Harrison by 1,000.
South Dakota leans toward Weaver.

ILLINOIS.
Cleveland Carries the State by 20,000 Plurality.

CHICAGO, Nov. 9.—The Times says Cleveland has carried Illinois by 20,000 plurality, and Altgeld, Democrat for governor, has it by 1,000. The Inter Ocean says it does not concede the state to the Democrats, but it will be very close as to the president and governor. The Herald says: "The probabilities are that Cleveland has carried Illinois by a small majority and that Altgeld will defeat Fifer."

MARYLAND.
Cleveland's Majority Will Be Over Twenty Thousand.

BALTIMORE, Nov. 9.—Cleveland's majority in Maryland will be over 20,000. Six Democratic congressmen have been elected; the Republicans' only chance—the Sixth district—being lost by the defeat of Wellington by McKaig.

COLORADO.
Republicans Successful in One of the Important Districts.

DENVER, Nov. 9.—At midnight the indications are that the Republicans have elected their congressman in the First Colorado district. No reports have been received from the Second nor from Wyoming and Idaho.

MAINE.
This State Goes Republican by a Big Majority.

PORTLAND, Me., Nov. 9.—Maine has gone Republican by about 17,000 plurality.

CALIFORNIA.
SAN FRANCISCO, Nov. 9.—Cleveland is running ahead in the city, and Democrats claim that he will carry it by several thousand. The state committee now claims the state will be close.

In the First congressional district Geary, Democrat, is probably re-elected. In the Sixth district Republicans claim the election of Lindley, while the Democrats say Cannon, the fusion candidate, will be elected. Other districts are in doubt, but they will probably be Republican.

Oregon.
PORTLAND, Or., Nov. 9.—Returns from ninety precincts, including eighteen precincts of Multnomah county, give Harrison, 8,027; Weaver, 7,709; Cleveland, 2,891. Chairman Murphy, of the Democratic state central committee, asserts that all Populists will be elected with pluralities of from 1,000 to 3,000. On the other hand Chairman Boise, of the Republican state central committee, claims the state by 7,000.

Wyoming.
CHEYENNE, Wyo., Nov. 9.—Estimates from returns received show Harrison to have carried the state by very small majority. The Democrats will undoubtedly elect the whole state ticket. The legislature is yet in doubt.

New Jersey.
JERSEY CITY, Nov. 9.—The Democrats claim the election of Werts, Democrat, for governor by 3,000 majority. Hudson county gives him 8,500, which seems to carry the state for him.

Over a Thousand.
ZANESVILLE, O., Nov. 9.—Returns from all the counties in this district indicate Van Vorhis, Republican, election to congress by from 1,200 to 1,500 majority.

Wisconsin.
MILWAUKEE, Nov. 9.—One hundred and fifty precincts, including forty in Milwaukee, give Harrison, 25,377; Cleveland, 23,877, a Democratic net gain of 4,505.

West Virginia.
ROMNEY, W. Va., Nov. 9.—Hampshire county gives Cleveland 1,400 majority, a Democratic gain of 240 over 1890 and 290 over 1888.

Illinois.
CHICAGO, Nov. 9.—Six hundred and forty townships in Illinois, outside of Cook county, give Cleveland a net gain of 4,023.

Cleveland's Birthplace.
NEWARK, N. J., Nov. 9.—Caldwell, the birthplace of Grover Cleveland, gives Harrison 184, Cleveland 154.

Great Cave in Virginia.
HARRISONBURG, Va., Nov. 9.—A cave was discovered about six miles east of Harrisonburg, near the village of Keels-town, Saturday evening. It has not been fully explored yet, but it is said to rival the Luray caverns in size and grotesque and in beauty. The cave was discovered while blasting for rock. Twenty-four rooms have been found without the aid of pick or shovel. Persons from the neighborhood are flocking to see it. Specimens of stalactites were brought into town Monday.

CANTON, O., Nov. 9.—The loss by fire in the Boston Clothing company establishment will reach \$15,000, fully insured. Damage to building estimated at \$3,000. Miss Bertie Rigler, who was badly burned, is recovering. It is now known the fire originated from the explosion of a gasoline stove.

BRAVE MARTIN KANUTZEN

He Saves Every Soul of Two Ships Wrecked on the Rocks.

CHICAGO, Nov. 9.—If Martin Kanutzen, keeper of the lighthouse on Pilot Island, at Death's Door entrance to Green bay, does not get a gold medal, it will not be because he does not deserve it, for he saved two entire crews of vessels which stranded on Pilot Island during the recent gales. The first was the schooner J. E. Gilmore and the second the schooner A. P. Nichols. When Captain D. E. Clow, together with the crew of the Nichols, reached here he told the following story:

"We were bound from Chicago to Escanaba Lights and were driven on Pilot Island. We both had anchors out, but they failed to hold us and the schooner went on the rocks. As soon as she struck the steamer went over, and it seemed as if none of us could escape. The stern was lying on a reef of rocks with shoal spots all around. Kanutzen came down from the lighthouse and, although it was 8 o'clock at night and intensely dark, he picked his way through the surf along a ledge of rocks which came nearly to the surface and got quite near to us. He made himself heard above the storm and told me to jump overboard. I did so and went in far over my head. As I came up he reached out for me from the shelf of rock where he stood, and pulled me up near him. Then others of the crew jumped in one by one, Kanutzen seizing each one as they came to the surface and pulling them safely to the spot where he stood. My aged father and the female cook jumped overboard in the same way. He carried these two ashore, picking his way along the ledge, which was crooked and uncertain. The rest of us followed him and all got ashore in safety. A single misstep would have carried us into deep water. All this time the sea was running heavy and it was with the utmost difficulty that we could stay on our feet."

"When we reached the lighthouse we found that the crew of the Gilmore had been there a week and were told that they had been saved in the same way. The crews made big inroads on the provisions of the lighthouse keeper, and had not the sea gone down so we could get the provisions from our boats we might all have starved."

SLEW HER WITH AN AX.
Shocking and Mysterious Tragedy at Danville, Ky.

DANVILLE, Nov. 9.—Particulars have just reached here of the brutal killing of Mrs. Allison Owens by her husband near Albany, the county seat of Clinton, Saturday morning. Owens, who is a son of Dr. R. D. Owens, a prominent citizen of Clinton, arose from bed about 2 o'clock and took therefrom his youngest child and placed it in bed with his other children.

Procuring an ax he returned to his wife's bedside and while she slept he buried the blade deep into the right side of her head. She apparently died without a struggle. Owens followed this up by attempting to kill himself by cutting his throat with a razor, making two gashes which laid bare his windpipe and jugular vein, but severing neither of them. His children alarmed the neighbors and physicians were hastily summoned.

When Owens found that he must live he begged the doctors to let him die. He would make no explanation of his rash act, simply saying that he and his wife had a secret, but his relatives believe he became insane through brooding over the death of a favorite child, which occurred by accident several years ago and for which he blamed his wife. He was about thirty-two years of age and well-to-do.

ALL FOR A PLUGGED DIME.
Surprising Strike of Street Car Men at Columbus.

COLUMBUS, O., Nov. 9.—All the lines of the Columbus Street Railway company are tied up on account of a strike of the conductors and motormen. The cause of the strike was the discharge of Conductor Clarence Alexander, who declined to receive a mutilated dime from a passenger. The rules of the company make the conductors stand good for mutilated coins. The passenger claimed to have received the coin from another conductor and after abusing Alexander, reported him and he was discharged. An investigation was demanded and the management had about, as stated by General Manager Stewart, concluded that Alexander was not to blame and would probably have reinstated him.

The union demanded that he be reinstated by 3 o'clock Monday afternoon, but the investigation not being completed the management declined to accede to the request. The employees had a meeting about 1 o'clock yesterday morning after the cars stopped running and decided on the tie-up. As a consequence the residents were taken wholly by surprise, the action of the men having been kept a profound secret. The managers of the road had no idea that the men intended to quit work without giving them further notice.

Shot and Killed a Boy.
STOUGHTON, Mass., Nov. 9.—Two boys named Ray F. Wood and Charles Doyle were in a woodshed near the house of Fred Capen, in North Stoughton yesterday, when an unknown man came out of the woods with a gun on his shoulder. On seeing the boys he took aim at them and fired, shooting Doyle, instantly killing him. The man then escaped into the woods. The affair has occasioned much excitement, and searchers are scouring the woods for the murderer.

Attempted Suicide.
VIENNA, Nov. 9.—Senator Count Johann Tarasicki, member of an old Polish family, attempted to kill himself yesterday in the parliament building. He shot himself in the head, but the bullet glanced and he will probably recover. He was deeply in debt, and is said to have bet heavily on the turf. He was removed from the building to his apartments, where he now lies.

Holyoke, Mass., Nov. 9.—Jerry Birk, aged twenty three, and Frank Bruce, aged forty, were killed by a falling derrick at the New Riverside mill yesterday. Both leave families.

HYGIENE AT THE WORLD'S FAIR.

An Exhibit That Will Be of More Than Special Interest.

CHICAGO, Nov. 9.—The exhibit to be made at the world's fair under the direction of the bureau of hygiene will be of special public interest and value because it deals with sanitary subjects in every phase. Physical development, food supply, preparation of food, cooking and serving, dwellings and buildings, hygiene of the workshop and factory, food inspection, quarantine, reception, cure and protection of immigrants—these are a few of the subjects to be illustrated by the bureau. Every possible sanitary precaution that tends to prolong life and minimize the dangers from disease will be shown either by actual appliances or models; the evils of the "tenement" and "sweating" systems will be brought out very forcibly by models of old-style tenement and sweat shops exhibited, besides models of the best possible apartment houses and workshops. Heating, lighting and drainage systems will be shown in contrast with exhibits illustrating the diseases and deformities caused by unwholesome quarters for the workingmen. The various state boards of health are already preparing exhibits of their methods for the bureau, and the comparison afforded by such exhibits is expected to be very valuable, affording experts an unusual opportunity for study. Mr. F. W. Brewer, of Nebraska, has been nominated chief of the bureau.

The Work of Women.

The world's fair board of lady managers has issued a circular which is being sent to all the women's organizations in the country for the purpose of securing information to be used in a catalogue of the organizations conducted by women for the promotion of charitable, philanthropic, intellectual, sanitary, hygienic, industrial, or social or moral movements. The idea is to secure information sufficiently elaborate to base conclusions on regarding the growth of women's work in the way of organized societies, and the good accomplished by the same. All this from the various states will be duplicated from the encyclopedia being prepared under the auspices of the lady managers for the woman's building. The statistics collected through their efforts from every country in the world will form a voluminous mass of valuable information. It is the intention of the lady managers to publish these statistics of woman's work throughout the world in a convenient and inexpensive form. The volume will be given away or sold for a nominal sum, as may be advisable, in the woman's building during the exposition.

Will Be Interesting.

A very interesting exhibit in the transportation department of the world's fair will be made by the steamship and railway companies of England. The collection of models of battleships, yachts, cruisers, steamers and merchant vessels will be more complete than was ever before exhibited. The London and Northwestern railway will send over a complete train of cars headed by a great compound locomotive named "Great Britain." This will afford an opportunity to compare the English compartment cars and sleepers with American coaches. The Great Western railway will exhibit the antiquated locomotive "Lord of the Isles," one of the first used on that road. Several of the railways will show their signaling systems.

Microscopic Paintings.

A. Pazmandy, a Hungarian, will send for exhibition at the world's fair, a collection of exceedingly novel paintings, which will, doubtless, attract much attention. There are twenty-five of the pictures and all are miniatures almost to the microscopic degree. One of them representing the landing of Columbus, with seventeen human figures in it, is about the size of the nail of the little finger. Another is a portrait of Emperor Francis Joseph and is of the size of the head of a match. The work on these pictures is said to be exquisite.

Giant Cactus.

An effort is being made to secure for exhibition in the horticultural department of the world's fair a specimen of giant cactus from the desert region of southeast California. This cactus grows at times to the height of seventy feet. A specimen when boxed ready for shipment will weigh eight tons, and it will require an expenditure of something like \$2,500 to deliver it in good condition in Chicago.

Australia's Exhibit.

Late advices from Sydney, N. S. W., sustain the view that, notwithstanding the commercial and financial depression existent in some parts of Australia, the Australian exhibit at the world's fair will be a great and representative display. From Sydney will be sent a remarkable astronomical clock. This clock is forty-five feet high and twenty-five feet square at the base. Within it is exhibited the motion of the sun, Mercury, Venus, and the earth revolving on its axis around the sun and the moon around the earth. The sun is to be represented by an electric light which will illuminate the planetary bodies.

An Ice Age Exhibit.

An exhibit of the ice age is being prepared in Ohio for the exposition by Professor I. F. Wright. He will collect boulders from different parts of the state, and with them fragments from the original ledges in Canada from which the Ohio boulders were brought by the ice; and specimens of scratched stones; exhibit a large glacial map of Ohio, an outline map showing the course the boulders have been brought, placard detailing the principal glacial facts, etc.

Has a Long Walk Before Him.

CHICAGO, Nov. 9.—Chris Miller left this city for New Orleans where he will begin his walk around the United States. He will go west through Texas, up through California, to British Columbia and then around the great lakes to New York and New England, and after walking around Maine will go south along the seaboard and finish his tramp to New Orleans, the point of starting. He will walk the entire distance, and believes he can make the trip in two years.

Wooden Shoe Factory Fire.

BEVERLY, Mass., Nov. 9.—A fire in the large wooden shoe factory owned by Myron Woodbury, corner of Bow and Rantoul streets, caused a damage of about \$60,000.

THE UBIQUITOUS MAYSVILLIAN.

You Find Him Wherever You Go—Prof. Pete Courtney Runs Across Several in the South.

NASHVILLE, TENN., October 21, 1892.

Editor Maysville Bulletin: Your "bill of damages" received to-day. Do not remember of receiving a bill that gave me more pleasure, for I am under the impression that I receive value for my \$1.50. I enclose you postal note for the amount and you need not receipt for the note, for I have noted that if weekly do not receive the necessary stipend they come to a. It is strange how many 's can be compressed into a weekly. They, like Kentucky jugs, are full of stoppers, and other good things. I have been turning my BULLETIN, after reading, over to Jimmy Osborne, erstwhile teacher at St. Patrick's school in Maysville, and Jimmy swears by the BULLETIN. He informed me yesterday that the BULLETIN had more news than the Enquirer, or the World, the Journal, or "any" other paper, but Jimmy is liable to be prejudiced in favor of Maysville institutions.

We—Jimmy and I—were talking about Maysville people, and Jimmy wanted to know who McCarthy of the BULLETIN was, when I told him. "Why," says he, "I have fanned his pants many a time," and I am still panting to know what he meant by that remark. Perhaps Mc. can explain. And I am not done with Jimmy yet. He and I were walking down Church street one evening last week, and we were speaking of H. T. (Jack) Stanton's inimitable poem, "The Moneyless Man." We were just passing a well dressed, well looking young fellow—a stranger to both of us—when the title of the poem was mentioned. The young fellow said: "Why, Jack Stanton wrote that." On inquiry he turned out to be one of the inevitable Mason County people. You meet them everywhere. After masticating our lemon jell we discovered (this is Columbus day) that his—the young man's—name was North, and he was a grandson of Rev. Hiram Baker, of Minerva.

I met another surprise a few weeks ago. I was meandering up Church street—thinking possibly of the people that I owed—when a slim, clean-built, blue-eyed 'man, with some of old Time's silver in his hair, slapped me on the shoulder, and said: "Hello, Pete." Now, if there is anything in the world that I dislike it is to be played for a telephone, but when I found that it was Charley Duke who had hallo'd me I just didn't say but about 3,000 words and went on up town. You know that my arms are well attached, but as I had not seen Charley for eighteen years you can imagine that we talked both arms loose.

And this Mason County man haunts me. Last month I, having been worked nearly to death, got a leave of absence and took a fly over to Barron County, Kentucky, for a rest. Did I get it? Not much. I met a very pleasant gentleman, who was somewhere up in the sixties, and the first thing I knew after I had mentioned Maysville he was asking me about A. M. January, Billy Casto and others. His name was Proctor, and he had been in dry goods in Maysville as far back as 1842. I looked at him sadly, borrowed a chew of tobacco from him and made a sneak.

Since these experiences I have come to the conclusion that if ever I should be fortunate enough to go to heaven, about the first angel I meet will be from Mason County. Yours, sadly,

PETE D. COURTNEY.

GERMANTOWN.

Miss Mayhue, of Orangeburg, has taken charge of the primary department of our school.

Sunday was missionary day at M. E. Church, South. In the afternoon the juvenile branch entertained the people with songs and recitations, and in the evening we had quite a refined and elegant entertainment by the senior branch, consisting of classical music by the choir, addresses by Mrs. Swinney, of Missouri, and Mrs. Cook, reading of appropriate selections by Miss Robbie Savage, of West Virginia, and by Miss May Asbury, of Bracken. The reading by the young ladies was devoid of any effort, histrionic, display or affectation, but rendered in natural, unassuming manner that delighted the audience. The solo by little May Mannen was highly appreciated, while those rendered by Misses Fannie Flora, Daisy Pollock and the duet by Mrs. Mannen and Mrs. Critchfield were executed in the highest style of the musical art. Mrs. Cook handled the organ in such a manner as to convince the large audience that she was mistress of the instrument.

A Mr. Rigdon, of Louisville, has been in town endeavoring to organize another building association. This has aroused the officers of the old one to a "redoubling of their diligence." One of the high officials, of Louisville, a Mr. Johnson, hurried to the scene and we have almost forgotten that there is a Presidential election on hand. Isaac Woodward informs us that he will close out his business and move to Maysville after the election.

Miss Hattie Erlon, Murphysville, was at home on Sunday.

Professor Chandler, of Mayslick, spent the Sabbath here. Put this and that together and what of it?

Howie Anderson, of Ironton, Ohio, is visiting relatives in town and neighborhood.

J. F. Walton and family have returned from Missouri. They report having a delightful visit. Corn is being delivered in our market at 40 cents a bushel, eggs 16¢ per dozen, butter 20 cents per pound.

George Erlon, the contractor, reports the church at Sharon about finished.
